

## BSMGAC goes to Cruisin' For Crustaceans with MG T-Party 2018

August 19, 2018 was a beautiful day and a good day for a drive. The MG T-Party asked the BSMGAC to join them on a drive to Dover, NH for seafood at Newick's Lobster House. I asked Dennis Eklof if he would provide a route for a group to drive my house in Westford, MA to Dover on the back roads. Dennis did not disappoint; the route he planned worked out nicely even though there were just the two cars going up on our route. We left about 10 am and headed up the back way to Hudson, NH and onto Route 102 North. We drove through Derry, NH and just after passing under Route 101 we took Route 27 for a block and into Route 156 and then Route 152 to Route 125 North. This took us to Route 4 and then it was a straight shot over the the restaurant. Dennis had a few problems with his GPS, but I had the old fashioned maps with me and we were able to plan the rest of the route and get there in plenty of time for the 1:00 start time of the lunch. Judy Kronwasser was going to join our trip up but decided to come on the highway and I got a call after we arrived that she had made it to NH but was having problems with the MGTC, so, she turned around and headed home. We were sorry to miss her at the lunch.

There was a good turnout from both clubs and we had a nice lunch and lots of conversation. We only had Dennis' MGA, but we had a MGTD, MGTF, TR6, Fiat, and a Sunbeam Tiger there! Since it was a pretty warm day I drove the Subaru so that we could put Jan's wheelchair in the back. I am hoping to get a luggage rack on the back of the MGA Coupe so that next time we can take it when Jan wants to go with me.

We followed the same route back south and had a leisurely trip without any problems. Our next joint event is the Holiday Party on December 2, 2018, so, please add that to your calendars.

Safety Fast,

Jack Horner  
President, Bay State MGA Club

Enjoying good food and good company
